

Focus on Sculthorpe

Live webcam view of marsh harrier nest at Sculthorpe Moor

Welcome to the Sculthorpe Moor Community Nature Reserve webcam, currently showing a marsh harrier nest. This is unique: nowhere else in Britain is it possible to see marsh harriers so intimately, live. Find out more about the project [here](#). The image is updated every minute throughout the day. To see how the camera was disguised to reassure the marsh harriers [click here](#). To support our work please help our [40th anniversary appeal](#).

This video is streamed live by iCatcher software, thanks to generous support from iCode Systems www.icode.co.uk/icatcher.

Please allow time for the video to appear on your screen. The stream will stop automatically after 5 minutes. To continue viewing just refresh your browser.
