

Exterior barn owl box

Exterior barn owl box

£88.95 including VAT, excluding delivery

90cm all sides x 46cm depth

Nestboxes are made to order so cannot be added to your shopping basket

The Hawk and Owl Trust pioneered nestboxes to help save barn owls and similar farmland species. Its expert designs are tried and tested. Every box not only improves wildlife habitats but also supports vital conservation work.

Made in Norfolk by Sculthorpe Moor Community Nature Reserve volunteers with timber from FSC accredited suppliers. We recommend that an exterior-grade water-based wood preservative be applied before positioning the box.

Boxes can be collected from the reserve, or delivered at extra cost.
