

The work of the Hawk and Owl Trust

The main focus of the Hawk and Owl Trust's efforts are:

-  [Conservation](#)
Providing nestboxes and other artificial nest sites for birds of prey to breed is a vital part of the Hawk and Owl Trust's conservation work.
-  [Education](#)
One of the Hawk and Owl Trust's key tasks is to increase knowledge and understanding of the magnificent owls, falcons, hawks, kites, harriers, eagles and other birds of prey and the impact humans have on the environment we share with them.
-  [Reserves](#)
The Hawk and Owl Trust operates a number of reserves
-  [Research](#)
Research is essential to scientific conservation, and it is therefore a vital plank of the Hawk and Owl Trust's work.
